

Feeling creative?

**Saturday 24 March**

Like making stuff?

is

**RepRap Day**

at

Or tinkering with technology?

**ICE BYTES Internet Cafe**

38 The Homend, Ledbury, HR8 1BT

**11am - 4pm**

**3D PRINTING**

is here, now!

On working display will be a number of printers from the international open source RepRap project. Come along, join in and find out how just how fun and useful 3D printing is becoming!

Already Building a 3D printer? Need some help getting the best out of it? Bring it along and lets see if we can help you tweak it into shape.

RepRap Day is a free event hosted by Ice Bytes Internet Cafe in association with The West of England RepRap User Group - a friendly bunch of people who get together from time-to-time to share ideas and encourage one another's various projects and developments.

New people are always welcome - no prior experience required.

For more information about open source 3Dprinters visit [reprap.org](http://reprap.org)

To see what you could make with your own 3D printer, visit [thingiverse.com](http://thingiverse.com)
